

North Dakota Insecticide Price List

The listings are approximate retail prices for small quantities. Insecticide prices do not include cost of additives or application costs. Prices may vary depending on area of the state, wholesaler, bulk discounts, seasonal changes, quantities purchase, and particular program the manufacturing company offers. Prices are averages based on statewide dealer survey for small quantities. Producer should consult local agricultural product suppliers for exact price of each product in their area. Note: These prices are based on 2007 price list.
