USDA ND Natural Resources Conservation Service (NRCS)

Title: Soil Conservationist (Career Intern)

Job Type: Full-time

Application Deadline: 2/4/09

Degree(s): Bachelors

Year in School: Seniors, Fifth Year

Major(s): Agricultural Systems Management, Biological Sciences, Crop & Weed Science, Natural Resource Management, Range Science, Soil Science

Description:

THIS IS A FULL-TIME POSITION, NOT A COOPERATIVE EDUCATION POSITION.

This is an entry-level developmental position. The incumbent performs duties which are designed to provide experience and training in the application of soil and water conservation principles and theories in the planning and application of resource management systems. Assignments are tailored to orient employees to the application of academic knowledge in accordance with agency policies and procedures for resource management planning and to help them understand the relationship of the soil conservationist's work to the work of the other Service employees.

This is the career intern program. It is for recent graduates or students within 6 months of graduation. This is a two year paid full time intern position with full benefits. After the two years, with fully successful performance, this position can be converted to a permanent career position. There is no guarantee of a permanent position.

We accept applications continuously. Applications are ranked against a set of specific criteria. Applicants are sent a letter and notified of the status of application packet. Eligible applicants stay active in the pool of eligible applications for a period of 60 days from date of letter. If a position becomes available, applicants from this pool will be considered for the position.

Must be a US citizen.

TO APPLY: Submit resume, official college transcripts, and the career intern packet. The Career Intern packet consists of the application and the signed mobility statement. The Career Intern Packet can be obtained at the following link: http://www.nd.nrcs.usda.gov/CI_sc_rms_agron.html
