

**ALFALFA PERFORMANCE TESTS AGREEMENT
NORTH DAKOTA STATE UNIVERSITY
AGRICULTURAL EXPERIMENT STATION**

NORTH DAKOTA ALFALFA PERFORMANCE AGREEMENT between the Plant Sciences Department and _____ (name of company) located at _____.

Please enter the following alfalfa (s) into the 2008 performance test (s):

Entry	Name local seed supplier	Location [†] Fargo	Evaluation charge [‡]
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

[†]F=Fargo C=Carrington

[‡]The company agrees to supply 175-g seed sample/entry if an experimental and to pay a total of \$_____ (based on a \$475/entry/location) evaluation charge on or before April 1, 2008 for a four-year test (seeding and three harvest years unless the stand is winter killed or damaged to such a point that meaningful data are unattainable).

The Plant Sciences Department will plant, maintain, harvest, and collect data in a manner consistent with accepted alfalfa research practices as specified in the attached letter. All forage yield data collected will be published at <http://www.ag.ndsu.nodak.edu/plantsci/forage/index.htm>. Click on ALFALFA. Each entrant may receive at least one hard copy of all forage yield data collected upon request at dwain.meyer@ndsu.edu. Data from these tests shall not be used in advertising to indicate North Dakota Agricultural Experiment Station recommendation of any specific cultivar, and when used in advertising, should be compared with the cultivar Vernal from the same test.
